About Us

We are the leading manufacturers & suppliers of top quality Embroidery Yarn in the country. Our highly successful 'ROYAL' brand is used by the best garments manufacturers, exporters and embroiders in India and across the globe.

These are available in over 700 shades in AZO Free and ECO Friendly Fast colour as per norms. We follow stringent quality control measures to ensure high quality standard. We can make any colour of choice.

Infrastructure

Our manufacturing potential is based on the latest equipments installed at our premises. A team professionals and technicians works with full confidence and motivation to upgrade the quality of the manufactured products. Our team is constantly at work to lead ahead with the latest trends creating new effects, finishes and designs to give better embroidery to the globe.

Quality

Success and fame of any enterprise depend on the quality of the product that gives optimum satisfaction to the customers. As a quality driven organization, we follow stringent quality control measures at every stage of our manufacturing process. Every operation is strictly monitored by trained professionals who have been working in this discipline since decades.

We use raw material popularly known as Art Silk, i.e., 100% viscose filament yarn produced in technical collaboration with the worlds leading filament yarn producers. The Yarn are available in Left/Z or Right/S Twist. They are also lubricated for a smooth operation on highly sophisticated machines. The Yarn are processed by VAT and NAPTHOLE dyes. Dyeing is done at state-of-the-art dyeing machines, which gives the flexibility to obtain different shades in AZO Free, PCP Free and Eco-Friendly Fast Colors.
